

HEALTH CHECK

Anyone can get heart disease, diabetes, kidney disease or have a stroke. As you get older you are more at risk of getting these illnesses. Having a health check can help prevent you from getting these illnesses and keep you fit and well.

Even if you feel fit and well it is a good idea to have a health check. We can catch some illnesses early on before you know you have them.

Full health consultation and detailed clinical examination with our in-house GP / Blood test (Full Biochemistry & Haematology Profile)
Ultrasound of the Abdomen and Pelvis / ECG.
